

# Gemtek SHOWCASE AT COMPUTEX TAIPEI 2019

Dear Valued Customers and Partners,

Gemtek is pleased to announce that the COMPUTEX TAIPEI 2019 is scheduled at May 28th to June 1st this year, and we are excited about the opportunity to greet you at the annual exhibition.

This year, we will be showcasing a wide range of new products and advanced technologies. Highlights to look into include:

#### 5G/mmWave Devices

Our latest 5G technology devices that support FWA deployment and applications.

#### LTE Indoor/Outdoor/IoT Devices

Complete LTE portfolio, ranging from entry Cat 4 to advance Giga LTE, plus various cellular IoT applications.

#### 100G SDN Switch

Allows telecom operators to deploy access network with built-in IEEE1588v2 PTP that provides precise and accurate timing information.

#### Wi-Fi 6

A technology that is in line with the latest Wi-Fi standard, providing faster high-capacity connection, coverage, and performance features that are based on user requirements.

#### Smart Mesh Wi-Fi System

New Mesh Wi-Fi standard, provides users with fast setup and whole-home coverage experience.

#### Wi-Fi Sensing

The advanced wireless technology that facilitates accurate indoor positioning, tracking, and monitoring.

Through this exhibition, our primary goal is to not only demonstrate our core product development values and outlooks for the future; we also look forward to presenting our most innovative technologies and developments in the field.

We sincerely welcome you to join us!

CEO
